## **Outline for Acceptable Use of SSD WAN**

Successful operation of the network requires that each account holder regard SSD WAN as a shared resource. It is important that each member conduct themselves in a responsible, ethical, and polite manner while utilizing the network. The following is a list of guidelines and behaviors that may lead to suspension and termination of access privileges. In severe cases it is the intent of the Scranton School District to prosecute offenders to the fullest extent of the law. The following list is not considered to be inclusive:

- When interacting on the Internet, you are expected to behave as you would in any other environment where you represent your employer/school.
- Students must never agree to "meet" with someone they met online without first discussing it with their parents/guardians. If the parents agree to the meeting, students must ensure that the meeting is in a public place and that one of their parents accompanies them.
- Using the District's Computers for illegal, inappropriate, or obscene activities, or in support of such activities, is strictly prohibited.
- Access shall be granted only to the authorized owner of the account. Account owners are responsible for all activity within their account. Do not use another individual's access account or allow another individual to use your account.
- Each account holder is obligated to notify system administrators of all potential and identifiable security problems. Do not inform or demonstrate security problems to anyone other than a system administrator. All users identified as a security risk or having a history of problems with other computer systems may be denied access to the system.
- SSD WAN is a shared resource and must be used in moderation. Please be aware that there are other users who will want to use this network. You are expected to utilize your access time efficiently.
- SSD WAN is intended for education and research. It is not to be used for private business concerns. The Scranton School District will not be responsible for any financial obligations arising from unauthorized use of the District network for the purchase of products or services.
- Account holders are to remove old electronic mail messages in a timely fashion and are advised that system administrators may remove such messages if not attended to regularly by the account holder.
- All account holders who access another network will be subject to the network's acceptable use policy.
- Any violation or attempts to violate the security of the Scranton School District's network system will result in immediate termination of the account holder's access privileges and legal prosecution to the fullest extent allowable by law.
- Vandalism, defined as any malicious attempt to harm or destroy data of another account holder or any of the computers and networks connected to the Internet, inclusive of SSD WAN, will result in immediate termination of access privileges and prosecution to the fullest extent allowable by law. Inclusive to this, but not limited to, are the uploading, deliberate downloading and creation of computer viruses.
- The transmission or posting of threatening material or use of abusive, vulgar, profane, obscene, or other inappropriate language may result in suspension or termination of account holder's access privileges.
- The transmission of copyrighted material in violation of copyright laws may result in suspension or termination of account holder's access privileges.
- The transmission of personal addresses or telephone numbers of faculty, students, and staff is prohibited and may result in the suspension or termination of account holder's privileges.
- The participation in "CHAT" rooms without direct supervision from system administrators by students is prohibited and may result in the suspension or termination of account holder's access privileges.
- The transmission and or participation in any activity in violation of any Federal, State, or Local laws is strictly prohibited and may result in termination of account holder's access privileges as well as district disciplinary action. Violations will also be reported to the appropriate legal authorities.
